

Do you want support to access online services during the COVID-19 lockdown?

Leep can connect you to a highly skilled, patient volunteer Tech Mate who can support you to access services and keep you connected to family and friends.

This support is free, and all you need to do is call us on 1300 163 106 to make an appointment.

Our Tech Mates can provide assistance on:

- Setting up devices and accounts
- Basic digital skills such as texting, emailing and video chatting
- Accessing your doctor through telehealth
- Online shopping and banking
- Online Government services

This program is normally delivered face to face, but due to COVID-19 our Tech Mates are providing this service via phone and video chat.

Leep has over 100 volunteer Tech Mates ready and willing to support you to get online confidently and safely.
